GSA DENVER FEDERAL CENTER - New

Gate 1: Partial Lane Closures

January 23-27, 2023

Due to a project to install traffic control lighting at Gate 1 of the DFC, the far right inbound and far right outbound lanes of traffic at this location will be closed for periods of each day. In an effort to reduce congestion in this area during this time frame, we are asking that tenants consider using any of the other gates for entry and exit during that week please.

The purpose of the traffic control lighting is to accommodate traffic flow for the upcoming new tenant at building 1A. Traffic will need to exit that building and cross all three lanes of inbound traffic as well as two lanes of outbound traffic, which presents a dangerous situation.

Gate 7: New opening time

Beginning February 1st, 2023 | 6:00 a.m. rather than the current 5:45 a.m. time.

GSA has reviewed the current RTD bus schedule for that location and the first bus arrives westbound at 6:00 a.m. and eastbound at 6:10 a.m..

HOW TO CREATE A PSYCHOLOGICALLY SAFE WORKPLACE WHILE RETURNING TO WORK

January 26, 2023 | 8:00 - 11:30 am MST | CFEB Training Room, DFC, Bldg. 25, Rm 1442 | Free - Limited seating available

Registrations Required | <https://colorado.feb.gov/register/?ee=609> | **Walk-ins will not be allowed.**

The CFEB Development Series are being scheduled on a quarterly basis to provide federal employees with a safe place to discuss sensitive topics, get professional-level training and network with your peers in the Colorado area. This series is for any federal employee interested in training opportunities and networking with people from other federal agencies. The Series is designed to offer federal employees a chance to talk openly and to engage in discussions with other federal employees. This will be an in-person event only, so please register early as seating is limited. The session will be held on the Denver Federal Center. This development series is also a chance for us to learn what training/discussion topics you want to see at future events. Please bring your ideas.

In this interactive session, you will learn the foundational components to create a psychologically healthy workplace, including strategies to support employee mental health and build a culture of wellbeing. All of these aspects are essential to successfully return to a hybrid work environment and will provide a framework for various topics you will learn more about in future sessions throughout the year.

The Department of Labor Veterans' Employment and Training Service (VETS) needs your help!

VETS has recently embarked on a human-centered design project to better understand the veteran customer experience (CX) with American Job Centers (AJCs) throughout the country, especially services provided through the Jobs for Veterans' State Grants (JVSG) program.

VETS has partnered with a veteran-owned firm, Technical Assent, to gather the perspectives of those involved in the veteran employment journey and create a holistic picture of program successes and challenges, with the goal of creating solutions to better support all involved.

Technical Assent will be holding several 2-hour remote focus groups with State Workforce Agency and AJC staff in mid- to late-January 2023. The purpose is to give staff the opportunity to share the work they are doing as well as advise on areas for improvement. Each focus group will include six to eight participants and will be scheduled to ensure participation across all U.S. time zones.

Our aim is to ensure we hear from a broad, diverse set of voices. If you are interested in taking part in a focus group, please fill out the interest form by clicking here.

If you aren't selected to participate in the first round of focus groups, we will continue to keep you in mind as we move through ongoing interviews, site visits, and focus groups.

All responses will be received and processed by Technical Assent. Please contact Suzanne Caldwell at scaldwell@technicalassent.com if you have any questions about our research activities.
